TE PAEPAE O AOTEA

Kia eke atu ki Taupaenui o te tangata

Bring Your Own Device (BYOD) at Te Paepae o Aotea

At Te Paepae o Aotea, we embrace digital learning as a vital part of our students' educational journey.
All Year 9-13 pupils will be expected to bring a device to use in their classes.
We are committed to using a device as a tool to support the students' learning and allow students to work online from home should the situation arise.
Year 7 & 8 can bring their own learning device; however, there are devices available for use during classes.

Why BYOD?

Our BYOD approach empowers students to:

- Access learning resources anytime, anywhere
- Develop digital literacy and responsibility
- Collaborate effectively with peers and teachers
- Personalise their learning experience

Device Guidelines

We recommend devices that meet the following minimum specifications:

- Battery life: 6+ hours
- Screen size: 11 inches or larger
- Memory: 4GB RAM minimum
- Storage: 64GB or more
- Wi-Fi capable and able to run web-based applications (e.g., Google Workspace)

Support & Safety

- All students must sign and follow our Cybersafety Agreement
- Devices are the responsibility of the student and whānau
- Our school provides filtered internet access and digital citizenship education

Bring Your Own Device (BYOD) for School & Uni

WE ARE A CELL PHONE FREE SCHOOL

At Te Paepae o Aotea we follow the New Zealand Government expecatations

During 9am-3pm, including interval and lunch cell phones cannot be seen, heard or used

Digital Agreement

Te Paepae o Aotea students accept and sign the conditions of the school's Digital Citizenship Agreement upon enrolment. This agreement covers students using BYOD and can be viewed on the Te Paepae o Aotea website.

Te Paepae o Aotea expects students to uphold the school values when using technology. If students do not uphold the school values thenappropriate school procedures will be followed.
